- An Advance Health Care Directive is an important gift to your loved ones so that they won't have to guess what you want if you no longer can speak for yourself.
- If you already have a Living Will, a Health Care Power of Attorney, or an Advance Health Care Directive, learn how to review it to be sure it meets your needs today.
- It's not easy to talk about how you want the end of your life to be. But it's one of the most important conversations that you can have with your loved ones.
- Bring loved ones with you to learn about this important topic together.
